VOL. LXIII. No. 27. REDWOOD CITY, CALIFORNIA, SATURDAY, SEPTEMBER 30, 1922 ESTABLISHED 1859

TRIP TO GRAND CANYON ADDED TO TIMES-GAZETTE'S TRAVEL CLUB

Another Wonderful Trip Added As Third Prize---Misses Shelley and Broggi Leaders

The "battle of ballots" in the Times-Gazette Travel Club goes merrily on, first one club member leading, then the other.

Everyone is becoming interested in this great campaign and so great has been the appreciation of the public in this gigantic undertaking that the Times-Gazette has decided to add a trip to the Grand Canyon of Arizona via the Santa Fe railroad to the list, making five trips in all.

The winner will leave San Francisco at 8 o'clock one evening and at 8 o'clock the second morning will arrive at the Grand Canyon. A Pullman brings one to the very rim, where the El Tovar Hotel receives the new arrival with a welcome that makes him feel at home immediately. Quoting from a noted western writer:

"The Grand Canyon bids you Come, all ye peoples of the earth, to witness God's boldest and most flaming signature across earth's face! Come—and penitent—ye of the United States, to marvel upon this chiefest miracle of our own land!

"Ten thousand pens have 'described at' this indescribable, in vain. It is alone in the world. It is a matchless cross-section of earth's anatomy, to the geologist. To all it is a poem; history; an imperishable inspiration. Words cannot over-tell it nor half tell. See it, and you will know why!"

You may see all this if you stand third in the Times-Gazette Travel Club on October 19, the day the campaign closes.

The winners of the Times-Gazette two trips to Honolulu will sail via the Oceanic Steamship Company on either the Sonoma or the Ventura. Both boats are rated by Lloyds 100A.

A $100 Blue Bird Player

The sixth prize will be a $100 mahogany phonograph, with universal tone arm, making it possible to play all records, a two spring motor, wood tone chamber, a beautiful case with four record shelves and a tone which is all that can be desired.

Just at present it begins to look as if Miss Clara Shelley and Miss Rose Broggi of Menlo Park might be winners of the trips to Honolulu, as they are leading this week. But then it is too early in the game to prophesy the winners.

Miss Loretta Williams has made a big gain and taken second place in Redwood City, with Mrs. Wentworth third and Miss George fourth. Miss Alice Perry is gaining steadily and Miss Sylvia Underhill has made a great move up the list. Miss Marie McAuliffe has probably made the greatest gain of anyone this week in Redwood City. Mrs. Lippman has also gained a great many points.

Miss Nona Boos of Portola is doing good work, as is Miss Quinlan of Halfmoon Bay.

Miss Nunn of Atherton and Miss Walsh of Menlo Park continue to gain in their standing.

Mrs. J. L. Ross of Woodside, a new entrant, is already near the top of the list and Miss Ginola of Pescadero, another who has only lately entered the race, is standing high.

Miss Nellie Modera of San Gregorio has a splendid start.

There are still three weeks of the campaign and anyone who makes up her mind to get to the head of the list may easily do so between now and the close by keeping persistently at work. If you have not yet started work in earnest do not wait any longer, but work hard from now on. The campaign has now reached the place where those who have been depending upon coupons out of the paper and upon the assistance of friends will find this is not enough. It will now take personal effort to win.

Call up the travel club manager and she will go with you and help you to secure subscriptions. Her assistance is free to all.

Win 50,000 Extra Points

Beginning October 2, closing October 9, out of town club members have until Monday, October 9 to get their subscriptions to the Times-Gazette office.

$20 in subscriptions to the Times Gazette will give 35,000 extra points.

$40 will give 125,00 extra points.

Larger amounts will increase in proportion. These points are in addition to the regular point schedule.

In addition to this offer the club member who turns in the most new subscriptions during the week of October 2 to 7, inclusive, will receive a free vote ballot for 50,000 points; next to the highest, 40,000 points; third highest, 30,000 points; fourth highest, 20,000 points.

There is still time to join the club and win one of the Honolulu trips. Address Travel Club Manager, the Times-Gazette, Redwood City.

The revised list follows.

Redwood City	
Ms. Frank Wentworth	77,600
Miss Clara Shelley	85,900

MASONS CLOSE BUILDING

On Monday, October 9, the Redwood City Lodge, No. 168, F. and A. M., will give an entertainment and dance in the Masonic Hall to all members of the lodge and members of the order residing in Redwood City, and their wives, and to all members of the O.E.S. and their escorts. This affair is given as a formal closing of the Masonic Hall, formerly the Alhambra Theater, as on the day following the workmen will start the work of changing it into a lodge room. The committee in charge consists of W. H. Kelso, chairman; Dr. N. C. Cummings, R. W. Cloud, Mark E. Ryan and Lawrence Heiner.

MT. CARMEL PARISH FAIR EXPECTED TO BE A HUGE SUCCESS

Splendid progress has been made in preparing for the annual fair of Mt. Carmel parish, to be held next Thursday, Friday and Saturday evenings in Masonic Hall. The several tables are being tastefully decorated by the skillful hands of the ladies in charge.

An unusually large number of useful articles has been donated for disposal at the fair. Among them are blankets, comforters, table linen, cutlery, dishes and foodstus, such as bacon, hams, cakes, sugar in sack quantities, etc. A very succesful fair is expected by the management.

San Carlos Items

At the regular monthly meeting of the parent-teacher association held at the schoolhouse Wednesday afternoon a number of important matters were discussed by the members. Committees were appointed to look into the plan for establishing a tennis court on the school grounds and to make arrangements for the purchase of a moving picture outfit for the school as soon as the money can be secured to pay for the same. Among the new residents who were present and placed their names upon the membership roll were Mesdames J. W. Davis and Harold Kent. After the business session was concluded the members were entertained b Mrs. Hamilton, who is connected with the speakers' bureau of the state parent-teacher association. Mrs. Hamilton gave a very interesting and instructive talk regarding the splendid influence of such an organization on a community when it is given the enthusiastic support of every woman who should be interested in such work. Mrs. Hamilton also gave many helpful suggestions on the work of conducting the meetings of this kind. Mrs. R. J. Simpson was elected official parliamentarian and Mrs. A. C. Hulbert was chosen as hospitality hostess for the ensuing year. The officers of the organization are endeavoring to make the meetings as interesting and helpful as possible and they extend a cordial welcome to every woman in the community, whether they have children in our schools or not, to attend the meetings and join in helping to make the San Carlos organization a useful institution in this community.

Mrs. E. C. Cook of Coalinga is here for a visit of several weeks at the home of Mr. Cook's brother, Rufus O. Cook, on Magnolia avenue.

When we started out on Sunday morning with the popular and practical candidate for supervisor in the second township, C. E. Fowler, to show him where a few of the people live on the west side, who vote in San Carlos, we expected to enjoy a little outing of about two hours and get back home in time for a lunch at 1 o'clock. But we were agreeably surprised to find that there were between 25 and 30 families living in that section who vote in San Carlos, and there was only one family whose members had committed themselves prior to the primaries to vote for Fowler's opponent. Some of the new resilents who hadn't transferred their registration from their former precincts promised to do so promptly in order to be in a position to support Fowler at the November election.

Dame Rumor has it that a pair of our popular young people stole away to San Jose last Saturday afternoon and visited the county clerk's office without the permission of their parents. But the matter is still a secret.

C. P. Kern of the San Carlos Emporium, who was the pioneer business man of San Carlos, has sold out to the Mercantile Trust Company. As soon as all of the foramilities of the transfer are complete Mr. Kern expects to buy a new car and start on an auto trip and a visit to his old home in the Hoosier state. Mr. Kern is undecided as to where he will locate or the business he may engage in after his return from Indiana.

Now that the Mercantile Trust Company has placed County Engineer Kneese in charge, the dirt has begun to fly and there will be no let up until every sidewalk and curb is put down according to specifications and every street bordering on the land company's property is graded and macadamized. Everybody has now forgotten their troubles of the past five years in the assurance that they won't have to tramp through the mud and dust any more. It is all a mistake about anyone having complained that Supervisor Brown had anything to do with holding up the street improvements. Everyone in San Carlos is sufficiently informed to know that it is not within the province of our supervisors to lay streets or build roads where the same have not been accepted by and dedicated to the county. It is to be regretted that some people dream of and imagine these sorts of wild stories.

Mr. and Mrs. Henry Faber (nee Jane Kreiss) returned this week from their honeymoon in the southern part of the state and are now living in Runnymede.

NOTICE TO CREDITORS

In the Superior Court of the State of California, in and for the County of San Mateo.

In the matter of the estate of Hannah O'Neill, deceased.

Notice is hereby given by the undersigned administrator of the estate of Hannah O'Neill, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, or to exhibit the same, with the necessary vouchers, within four (4) months after the first publication of this notice, to the said administrator at the law offices of Jas. T. O'Keefe, No. 71 Broadway, Redwood City, San Mateo County, Cal., the same being the place for the transaction of the business of said estate in the County of San Mateo, State of California.

Dated this 30th day of September, A. D. 1922.

JOHN J. O'NEILL,
Administrator of the estate of Hannah O'Neill, deceased.

JAS. T. O'KEEFE,
No. 71 Broadway, Redwood City, Attorney for Administrator.

J. W. LOWE GOES TO FINAL REST AT SAN FRANCISCO

Redwood City Suffers Loss of One of Its Best Known and Most Respected Citizens

Julius William Lowe, a citizen of Redwood City for the past 30 years, one of the best known and most highly respected residents of this city, passed away in San Francisco last Monday after an illness extending over several years. Mr. Lowe had been unwell since 1917, but until a few weeks ago he was able to look after his affairs at his home on Edgewood drive, Wellesley Park. Three weeks ago he suffered a stroke and was taken to a San Francisco hospital, where he passed away peacefully Monday evening.

Mr. Lowe was a native of Oregon and was 67 years of age. He was a highly educated man and for a number of years had been a contracting well borer. His business was not local in character, as he was called to distant points to locate and bring in flowing wells.

After his marriage he settled in in San Francisco, where the children of the family were all born. He became affiliated with the Masonic fraternity as a member of Doric Lodge and was so active in the work that he soon passed through all of the chairs and attained the dignity of past master. He later joined San Francisco Chapter, Royal Arch Masters, and California Commandery, Knight Templars. On coming to Redwood City he transferred his membership in the blue lodge to Redwood City Lodge and for a number of years was one of the active members here. He was also a member of the San Francisco Musical Fund Society.

Besides his wife, Mrs. Elizabeth F. Lowe, who has tenderly ministered to all of his wants during his long illness, he is survived by two sons, Albert L. Lowe of this city and Irby M. Lowe of San Mateo, and two daughters, Miss Evelyn Lowe and Mrs. Gladys Pearson of San Francisco.

The funeral took place from the Masonic Temple, San Francisco, on Wednesday afternoon under the auspices of Doric Lodge, and the interment was in Cypress Lawn cemetery.

LOCAL HAPPENINGS OF REDWOOD CITY

Mr. and Mrs. Donald W. Williams and their son, Edward, returned on Wednesday from a four months' vacation spent in the east. The Williams family left early i May and traveled by train and auto to Fairfield, Me. From there they made trips to points of interest in New England and thence to Wisconsin. Mrs. Williams' parents, Mr and Mrs. Kenrick, who went east with them, will remain in Maine for a while and will later come to Redwood City to reside.

Miss Violet Curran entertained 17 of her friends at the home of her parents, Mr. and Mrs. William Curran, Redwood Highlands, last Friday night. The affair was in honor of Miss Ruth Weller, whose engagement to A. A. Guggle of San Francisco was announced a short time ago. The young ladies present were all classmates of Miss Weller at Sequoia and she was showered with many beautiful and useful articles. Delicious refreshments were served, which added to the enjoyment of the occasion.

H. O. Williams was delightfully surprised last Saturday evening in honor of his birthday. The following guests were present: Mr. and Mrs. George Harms, Mr. and Mrs. F. H. Mowwe, Mr. and Mrs. A. Dunniway, Mr. and Mrs. Fred Roller, Mr. and Mrs. James Warner and Mrs. A. Moller.

The Sequoia Alumni Association will hold another meeting in the high school next Wednesday at 7:30 p. m., which all members are urged to attend, as important matters will be discussed.

New bleachers are to be built at the high school football field capable of seating 400 spectators.

Mr. and Mrs. James McLaughlin have as their guest this week Mrs. Palmer of Ohio, Mr. McLaughlin's sister. This is the first meeting of the brother and sister in 40 years and they find many things to talk about which have happened in that time.

The Pipkins had as guests this week Mr. and Mrs. J. L. Wilson of San Diego. Mrs. Pipkin and Mrs. Wilson graduated together from the high school in Kansas City, Mo. They have not seen each other for thirteen years.

Redwood City is represented at the Methodist conference being held at Santa Cruz by Rev. S. C. Thomas, Mrs. L. B. Winiger and Henry Fulcher.

The members of Sequoia Chapter, No. 203, O. E. S., are planning a moonlight picnic on the Fred Mighall place at Woodside next Thursday.

Mr. and Mrs. A. B. Petrie and family, formerly of Redwood City, have left Benicia, where they have resided for the past year, and are now on their way to their old home in England. Mr. Petrie had a patent process which he demonstrated at the Frank tannery for a year and during their residence here he and his family made many friends in both church and social circles. Mr. Petrie owns a tannery in England and now after three years' absence he will resume its management.

H. H. Smith, mayor of Daly City, was in town Wednesday attending to business affairs.

Mrs. Edna Behrens Eaton, niece of L. P. Behrens of this city, was elected treasurer of Shasta county by a majority of over 1,200 votes at the late primary election. Mrs. Eaton, who often visited here and has many friends, here, is the widow of a soldier of the late war. Her father was sheriff of Shasta county for many years and so she was known to practically every voter in the county.

Norman McKee has returned to his home in Woodside after having worked during the past summer at the Pitt river construction camp of the Pacific Gas and Electric Company. The young man will resume his course at Stanford week after next and will be graduated from the engineering department next spring.

Tom Watters, one of the old time farmers on the mountain side west of Searsville, was brought to the local hospital by Dr. Ross this week suffering from a severe case of bronchitis.

James Bradshaw, athletic director of Sequoia Union High School, entertained his football squad, several of the teachers and a number of the girl students of Sequoia last Saturday evening at his home in the Highlands. Mr. Bradshaw is as good an entertainer as he is football player and everyone present had a fine time.

Mr. and Mrs. Coop, who have been living on Eaton avenue, west of Redwood City, for the past year, expect to move to Piedmont next week. Their son, John, who was graduated fro mthe local grammar school last June, has entered the Piedmont high school and has been spending the week ends here with his parents.

The Misses Alice and Louise Bettin were in Redwood City last Saturday and Sunday calling on friends. Miss Alice is assisting in the domestic science depatrment at Lick High School, San Francisco, and her sister has charge of the Miramar school near Halfmoon Bay.

Frank Allen, an employee of the Southern Pacific Company at one of the local crossings for a number of years, will leave on his annual trip around the country on Monday. Mr. Allen usually travels east to visit relatives. This year he will go to Spokane to visit his sister, Mrs. Carrie Langford. He will then return to Red Bluff and spend some time with his brother, William, who is engaged in the printing business in the Tehama county seat. He will also visit his sister, Mrs John Sims, at Modesto and will then return home. He expects to be away about two months.

Phil Fox is in Redwood City visiting his parents, Mr. and Mrs. E. B. Fox. Mr. Fox has been engaged in mining near Yreka, Siskiyou county, for the past year and is glad to be at home for a short visit.

The ladies of the Congregational church held a most delightful meeting at the home of Mrs. J. L. Pipkin Wednesday afternoon. The time was spent in quilting and after the work was done Mrs. Pipkin served refreshments which were greatly enjoyed.

Mr. and Mrs. Percy Long and their little daughter, Roberta, have returned from an auto trip through southern California. They encountered some pretty warm weather on the way, but had a most enjoyable time.

Phil Bray, formerly of this city, who is now working in Oakland, visited friends in Redwood City on Wednesday.

Mrs. John Christ has been in Redwood City for the past week visiting wih the families of her son, George, and her daughter, Mrs. Frank Wentworth.

Rev. L. D. Rathbone, formerly pastor of the local Congregational church, who has been superintendent of home mission work in California for the past 15 years, will take charge of the Congregational church at Cloverdale. The Rathbones have lived at Berkeley for a number of years, as Mr. Rathbone was pastor of the First church there before taking over the work of the home mission society.

A baby girl came to the home of Mr. and Mrs. Harris Barton in Wellesley Park Monday night. This makes the second child in the Barton family, as there is a small son two years of age.

Miss Julia Cushing of Pescadero, a teacher in the San Francisco school department, was a week end visitor with Miss Josephine Simmons.

Joseph Kerr, a former resident of Redwood City but for several years past living in San Francisco, was this week appointed to a responsible position in the customhouse by Collector W. B. Hamilton of San Francisco. Mr. Kerr is a lifelong Republican. He is a brother of John Kerr of this city.

A surprise party was given to Fred Stritzky at his home on Harrison street last Tuesday evening. Those present were Henry Reghetti and family, J. Barnett and family, E. Haskin, Mr. and Mrs. Kanady, Mrs. Kanady, Sr., E. Blake, Mr. and Mrs. C. Douglas, Sheldon Cooper and Mr. and Mrs. Fred Stritzky. Whist was played at which the first prize was taken by Henry Reghetti, while Elmer Haskins carried off the consolation.

The Masons of the district met at Redwood City last night for their bi-monthly meeting. Burlingame Lodge was in charge of the degree work.

Constable S. A. Landini of the first township yas a visitor at the courthouse Wednesday.

William Douglas is now completing a dozen or more orders for gravel contracted by his late partner, James Bolt, and himself for people putting their yards and walks in order for the coming winter.

Among this week's arrivals in the town are Isaac N. Chatfield, with his daughter, Miss Chatfield, and Miss Brown, who motored out from Fort Collins, Col., and have rented a home on Iris street. Mr. Chatfield has been connected with the Colorado Agricultural College for 26 years and his daughter is teacher of mathematics in the same institution. Miss Chatfield is intending to take a post graduate course at Stanford.

A fire of unknown origin swept over several acres of the Oak Knoll district Friday afternoon, endangering many homes. No serious damage was done, however, before the fire fighters got the flames under control.

TEACHERS' INSTITUTE TO BE HELD IN SAN MATEO, OCT. 9--11

The kiddies of San Mateo county will have a vacation week after next while their teachers will have to go to school. The teachers' institute will be held in the San Mateo high school October 9, 10 and 11.

County Superintendent of Schools Roy W. Cloud has prepared an enjoyable and instructive program that should be greatly enjoyed. The following will address the teachers.

Monday morning—L. E. Adams, district superintendent, South San Francisco; I. F. Stewart, principal of Las Lomitas school, and W. L. Glascock, principal of the San Mateo high school. The orchestra of the San Mateo high school will give a half hour of music under the direction of George Wihr and there will be a meeting of San Mateo County Teachers' Association.

In the afternoon Col. A. S. Rowan, who carried the message to Garcia, will tell the audience of some of his experiences while delivering the message which brought him so much fame, and Capt. Gilroy Harris, date of the Australian army, who was wounded four times and gassed once during the late unpleasantness, will lecture on "Through Unknown Australia."

On Tuesday there will be both sectional and general sesisons. The instructors for the day will be Ira Landis, county superintendent of Riverside county; Dr. Wilford Aiken, head of the Scarborough School, of New York, who is now lecturing at the University of California; Miss Clara Kaps, head of the primary department, State Teachers' College, Chico; A. J. Cloud, deputy superintendent of schools, San Francisco; A. C. Olney, commissioner of secondary schools of the state of California. There will also be several musical numbers on Tuesday. Following the sessions the teachers of the Hillsborough School will give a reception to the teachers at the Hillsborough School.

Wednesday Dr. Herbert R. Stolz, commissioner of physical education for the state of California, will begin the day's work with an address on physical education. Section meetings will then be held which will be addresesd by Dr. Stolz, J. C. De Voss of the State Teachers' College, San Jose; Ira Landis and Otis M. Carrington. In the afternoon Mr. Landis and Mr. DeVoss will make closing addresses.

Runnymede Items

Mrs. Andrew Swickard and family have gone to San Luis Obispo, where Mr. Swickard is working on the highway construction work. Fred Workman is taking care of their property during their absence.

Mr. Stransky, who has property on Woodland avenue, is clearing the land and getting ready for buildings.

W. S. Wardlaw's mother is spending the week with them.

N. A. King and family of Kingsburg, the former a son of Mrs. H. J. Schneidewind, were week end visitors with them and their daughter, Ethel, came down from the University of California to join them here.

Mr. and Mrs. Davidson of San Francisco and Rev. and Mrs B. Smith of Lodi also visited with Mr. and Mrs. Schneidewind Sunday.

Mr. and Mrs. Walter B. Lowenstein have bought property and are building a home at Atherton.

Mrs. Mervin of Stockton, Mrs. W. R. Parker of La Jolla, Mrs. David Buys of Diamond Springs, Mrs. Jameson of San Francisco and Mrs. E. Wilkinson of San Jose, all old friends of Mrs. T. Duke, spent the day with her Wednesday.

Mrs. W. A. McElhattan returned Monday from a two weeks' vacation at Santa Cruz and her sister, Mrs. R. Sanderson of Piedmont, is spending the week with her.

F. C. Nickerson is building a barn on his place on Cooley avenue.

M. P. Oleson, who has been on the sick list, is better and able to be up again, and Lorraine Harlan, who has been quite ill, is also better.

Nels Jabocsen is drilling a well on his acreage on Almond street.

Mrs. DeVoe Hopping, who went back to Colorado about a year ago, has returned to locate permanently and she and her daughter, Leone, are visiting this week at the home of her sister-in-law, Mrs. A. E. Gravestock, on Olive street.

Mrs. C. S. Harlan is in Oakland for a day or two while the baby is having her adenoids removed.

Mr. and Mrs. Lee Hampton and family, of Burlingame, were visitors for Sunday at the O. D. Wells home.

Mr. and Mrs. Louis Wheet are in Los Angeles, where they expect to be for the next couple of months.

W. M. Mueller and H. Stinebrook of San Bruno anl Hans Larsen of Runnymede were dinner guests at the H. Heintz home Sunday.

Mrs. E. R. Lam's father, William Becker of San Francisco, is down for a visit with his daughter and family.

Mrs. George Campion's son, N. L. Borgeault and family of Hillsborough, spent the day with them Sunday.

Mrs William Coxon was a week end visitor this week with her parents, Mr. and Mrs. R. G. White.

Miss Blanche Harper was able to return home from the Palo Alto Hospital Saturday and is convalescing steadily.

Mrs. A. E. Gravestock, Warren and Emily are home from Campbell, where they have been through the fruit season.

Mr. and Mrs. Jack Sonnevelt are receiving the congratulations of their friends over the arrival of a baby girl born Thursday.

Mrs. Charles Self of Palo Alto has invited the Woman's Club to meet with her at her home on Cowper street next Wednesday afternoon. Mrs. J. A. Cameron has charge of the program and the topic is California's natural resources.

Mr. and Mrs. William Halliday have sold their improved acre on the corner of Almond and Clark to W. J. Malseed of Petaluma, who will take possession October 1. Mrs. Halliday and Archie will move to the city.

H. Baier of San Leandro has purchased the acre on Cooley adjoining the Lund property, which is being improved now, and Robert F. Miller of St. Louis has bought the acre adjoining that bought by Mr. Baier.

ALHAMBRA THEATRE TO BE MADE MASONIC LODGE HALL.

Local Masons Are to Remodel Historic Playhouse. Work to Stant Immediately

A contract has been let this week by the Masonic Hall Association of Redwood City Lodge, F. and A. M., for remodeling the old Alhambra Theater on Main street. The Alhambra is one of the best known buildings in Redwood City, it having been built in 1895, and was once the show house of the town. The old theater was built by the late Robert Brown for Charles Jocelyn of Woodside and at that time was one of the finest buildings in this section. It opened in 1896 with a full house; the first show being given by the T. Daniel Frawley company, in which Maxine Elliott and Blanche Bates starred. The play was "Men and Women."

For many years the Alhambra was the community's place of amusement and many noted actors took their parts in this old building. Among the troupes which appeared regularly was that of Jessie Shirley, which visited Redwood City twice a year. The Frank Cooley stock company, which was well known a few years ago was another regular visitor.

The Alhambra was leased by William J. Plump, who managed it for many years and who conducted the Alhambra bar on the lower floor.

At the time of the earthquake in 1906 the front of the building fell out and an ornamental pressed steel front was built instead of replacing the brick, of which the original front was built. The remainder of the building was uninjured by the earthquake, speaking well for the workmanship of the builder. When the new front was built the stage, which had been in the front of the building, was removed to the rear where it now stands.

The members of the first class of the Sequoia Union High School, which graduated in 1898, shortly after the Alhambra was opened, were given their diplomas in this building, as has every graduating class since that time with the exception of 1906.

Two years ago the local Masons purchased the building and money was subscribed for the remodeling and renovating of it and fitting it for a lodge hall. The contract that has been awarded to Mr. Zimmerman calls for a complete refinishing of the upper story and a new front, which is to be of plaster, the price to be $15,000. The building when completed will be up to date in every respect and will contain one of the largest lodge halls in San Mateo county.

SCOTTISH RITE TO INITIATE LARGE CLASS OF MASONS

The coming reunion at the Scottish Rite bodies of San Jose promises to show the largest class in the history of the rite. The Scottish Rite, in embodying the most complete degee course in Free Masonry known to the world, has constantly grown in favor until at the present time the San Jose bodies number a membership of over 900. So large has the membership become that plans are now being drawn for a temple to cost in the neighborhood of $300,000 to accommodate the clubrooms and the elaborate work of the rite.

The next class will be initiated on the days of October 13, 14 and 15. At that time the degrees from the 4th to the 32d, inclusive, will be conferred. This is possible because of the fact that the work of the higher degree is not memorized, as in the blue lodges. The work will be done at the present temple on North Third stret, where M. B. St. John is secretary.

CIVIC SUNDAY AT ST. PETER'S

In response to a letter received by the rector of St. Peter's Episcopal church from Mr. Alexander, president o fthe San Francisco Chamber of Commerce, announcing that Sunday next was being observed as "Civic Sunday," Mr. Molony has invited the local chamber to St. Peter's for the 11 a. m. service. The president, Mr. Towne, and other officers of the Redwood City Chamber of Commerce have cordially accepted the invitation and the public is heartily invited to this service. The sermon will be from the scripture text "Go to, let us build a city * * and let us make us a name." Seats will be reserved for the members of the chamber of commerce and a welcome is extended to all.

CORRECTION

Through an oversight in the advertising department of the Bank of Italy an advertisement appeared in this paper last week mentioning the capital and surplus of the institution as being only $12,500,000. The executives of the bank have resuested us to publish the fact that the amount should have read twenty million dollars. The bank will publish an announcement giving further details, which will appear in this paper next week.

MARRIAGE LICENSES

September 25

Evasio Perattor, 33, Burlingame, and Maria Poggi, 20, San Mateo.

Willard L. Mitchell, 22, and Gladys A. Lee, 22, both of San Mateo.

Alfred J. Reed, 25, and Millie Coward, 25, both of Grass Valley.

William J. Belford, 29, and Anette Marie Donahue, 28, both of Oakland.

September 26

Thomas Francis Cahill, 23, and Mathilde Julliette Zehender, 23, both of San Mateo.

September 27

Thomas Ashe, 21, and Hazel Annette Derichs, 18, both of San Francisco.

John George Ryan, 30, and Mildred Ursula O'Brian, 22, both of San Francisco.

ATHERTON HOME SOLD

Mrs Leslie Miller Moore has sold her beautiful place of ten acres on Atherton avenue to Mrs. Mary Cunningham of Woodside. The sale was made by Lambert & Walter. Mrs. Cunningham earlier in the month sold her Woodside estate of 36 acres to Stanley G. Harris, who at present is residing in Hillsborough, but will take possession of his new place November 1. F. J. Rodgers represented Mrs. Cunningham. Both sales represent over $75,000 and both were cash transactions.

DUCK SHOOTING GOOD IN ALL LOCALITIES

The open season for shooting wild ducks commences tomorrow morning and from all indications it will open with a bang and then some. The birds are reported numerous in every locality and big bags will be the rule.

This city will send a representation of about 40 nimrods to Los Banos. Old "Dad" Eikerenkotter will give the kids a few pointers on how to pick them out of the sky. Claude Fox will be the guest of his pupil, George Genochio, at Alvarado, as will also be Louis and Jack Genochio, Frank Marcus, Henry Bulivant and Irby Lowe. This bunch will each bring home the limit. Charlie and Ed Gould will scull the bay and it is a safe bet that 45 will decorate each of their duck straps.

ST. PETER'S EPISCOPAL CHURCH

Washington and Webster streets. Rev. Edward H. Molony, rector, telephone 562.

Holy communion every Sunday at 8 a. m. and first Sunday each month at 11 a. m. Church school, 9:45 a. m. Morning praye rand sermon at 11. All welcome.

HAVE YOU REGISTERED?

Registration for the voters for the general election, November 7, closes October 7. The election is one of great importance, the ballot including not only candidates' names, but also thirty legislative measures affecting a range of matters of far-reaching interest.

It is an assumption often repeated that majority rule is a principle destined to settle all things properly, provided that majority is actually representative of the public as a whole. In other words, if there could be some assurance that every citizen eligible to vote would actually do so, then there would be no doubt as to the wisdom of the decision. But there is not that assurance. Election after election it is found that only a part of the registered vote is cast, and that only a part of the qualified citizenry is registered. This is an inexcusable conditoin. The right to vote is a privilege beyond price. It is one for which the women of this country conducted a long, hard battle. Having won it, only a part of them make use of the fruits of their victory. It is a right with which the constitution endowed the male citizenry as a birthright, and yet only a part of the men make use of their right.

According to the new naturalization law a woman marrying a foreigner ill not lose her citizenship. A woman who has been disfranchised by marrying a foreigner prior to this ruling may regain her right to vote by petitioning the court. There would not be time, however, to do so in order to register for this election.

SOUTHERN PACIFIC COMPANY ISSUES HUNTING REPORT

If you want to know where duck hunting is good, ask any Southern Pacific agent.

Reports on all local conditions in all the principal hunting districts are sent in each week to the general offices by Southern Pacific agents. These are compiled into bulletins and dispatched weekly to all agents in order that they may furnish hunters authentic information on wild game.

The bulletins will be issued each week during the season.

AN UNFAIR ATTACK

The unwarranted attack by the Los Angeles Times and San Francisco Journal upon Alexander McCabe, the able and popular insurance commissioner, is being resented by the friends of that popular official all over the state. The attack was uncalled for and not justified by any act of McCabe, who has been identified always with clean politics, never stooping to the tricks of the unworthy politician to accomplish his purposes.

During the dark and exciting days of the graft prosecution in San Francisco Mr. McCabe was associated with District Attorney Langdon when the criminal officials of the city were brought to justice and punished. He was also connected with the first campaign of Hiram W. Johnson for governor, making a splendid canvass for him. Mr. McCabe became Mr. Johnson's private secretary and during his term of office assisted materially in securing and promoting progressive and humane legislation which the people of the state now enjoy. He made a very capable and efficient secretary.

Shortly before Mr. Johnson became senator, recognizing Mr. McCabe's ability, he appointed him state insurance commissioner, a trust he has filled with honor and with a capability recognized by all the insurance men of California. Never has there been an attack made upon Mr. McCabe's honesty and ability in conducting that office by his enemies. There were no chances for criticism, for Mr. McCabe has brought to the office a high standard of efficiency. He has made the best commissioner the state has ever had.

Mr. McCabe is an honorable gentleman who is always engaged in doing good. He is always doing something for someone, he is either conferring favors or getting someone out of difficulty, helping the widow and orphan, doing good always.

Mr. McCabe is a resident of San Mateo county, maintaining a home at Burlingame, where he is highly esteemed by his friends and neighbors. His honorable career in the state cannot be assailed by these journals which have always fought his progressivism.

Chester Rowell, who fought Hiram Johnson at the primary election, has this to say about McCabe in a recent published statement:

"The assault on Alexander McCabe as a 'political Ishmaelite' is scarcely less indecent. There may be some sincere persons who disapprove of McCabe. A skilled practical politician as he is, no matter how worthy his purposes, does not appeal to all temperaments. Personally I do not share in the objection to McCabe. I have observed him closely for years and I know that he has genuine idealism as well as practical experience."

—o—o—o—

THE POLITICAL SITUATION

The candidate for governor of California, Hon. Friend W. Richardson, doesn't like the action of the state central committee in naming ex-Senator A. F. Boynton caairman. Mr. Richardson has signified his intention of not playing with the members of the state committee. We hope that any differences of opinion may soon be overcome. Any disputes between the different factions of any political party are liable to cause difficulties. California has gone Democratic. We do not think she will do so this time, but you never can tell. We want to see Mr. Richardson go into the governorship by a wolloping majority; so we trust that he and the state central committee will join hands and work for the good old party and its candidates, so that Johnson and Richardson will be the topnotchers when the final record of the votes cast shall have been made.

—o—o—o—

SOCIAL SERVICE

The board of supervisors have accepted the recommendation of the social service commission of San Mateo county that the salary of the executive secretary of the commission be $2,100 per year, an increase of $300 per annum. This raise is just and right, as the present salary is not commensurate with the duties and worth of the position. The position of executive secretary of the social service commission of San Mateo county requires the incumbent to learn the innermost secrets of all who are in trouble in this political subdivision. The secretary or her aids must go into the homes of those who are in need. She must provide necessities for the needy who are ill. She must take care of children whose parents can not do so. Her duties require her to look after ailing children whose bodies and strength may be built up by careful attention. In fact her duties are so numerous that they can hardly be enumerated. San Mateo county has a good official in Miss Florence Boggs, the present executive secretary, and it is just and right that her salary has been increased.

LIEUTENANT GOVERNOR THANKS THE VOTERS

The following letter was received this week from C. C. Young, lieutenant governor of California:

2820 Regent St., Berkeley,
Sept. 25, 1922.

Mr. D. E. O'Keefe, the "Times-Gazette, Redwood City, California.—Dear Mr. O'Keefe: I have just received from Sacramento the official returns on my contest for renomination as lieutenant governor, showing that I carried San Mateo county by a vote of over 2 to 1.

I desire to express to the voters of San Mateo county my appreciation of their generous support, and especially wish to thank the "Times-Gazette" as one of the newspapers of the state whose good will toward my candidacy helped to secure for me a majority of over 150,000.

Trusting that my second term as lieutenant governor may fully justify this splendidly generols endorsement, I am,

Yours very sincerely,
C. C. YOUNG.

We notice with interest that a doctor in the east has dicovered a process called vitamode which has brought dead dogs and cats to life. The only thing about the thing that isnt' a success is the fact that the mind doesn't function. We have known lots of people who didn't know they were even dead, but they must have been, for their minds do not seem to function.

MAYFIELD TO GET GAS

The Pacific Gas and Electric Company was authorized by the railroad commission Wednesday to supply gas to the town of Mayfield, Santa Clara county, in accordance with the terms of the 50-year franchise that was granted by the municipality.

Permanently Removing Spots by the F. Thomas Process

If spots come back after your clothes have been to the cleaners, cleaned by the "F. Thomas Process."

Spots that appear in clothing caused by grease, food stains, etc., quickly collect dust and dirt. They can be permanently removed by the "F. Thomas Process" without injury to the fabric.

The "F. Thomas Process" is a highly developed, scientific method of cleaning by which we obtain the perfect work for which this establishment is noted.

The cheap, "just as good" cleaner either washes your clothes in dirty gaosline, or scours his gasoline with strong sulphuric acid. It is dangerous to have your clothes cleaned in "acid" gasoline. It is economy in the long run to have your clothes they haven't been thoroughly cleaned.

Every drop of cleaning fluid that we use is carefully re-distilled in our plant. Special equipment that we have installed to properly handle this work represents an investment of thousands of dollars.

NOTICE OF SALE OF BONDS OF MENLO PARK SANITARY DISTRICT.

The Sanitary Board of the Menlo Park Sanitary District of the County of San Mateo, State of California, hereby invites sealed proposals for the purchase of a portion of the bonds of Menlo Park Sanitary District in the County of San Mateo, State of California, and bids therefor will be received by said sanitary board up to Tuesday, the 3rd day of October, 1922, at the hour of 8 o'clock p. m. of said day, when bids received will be opened at the offices of said board at the residence of John MacBain in Menlo Park, California. The total amount of the bonds of said district is fifteen thousand dollars ($15,000), but only ten thousand dollars ($10,000) of said bonds are now being offered for sale, and those now offered for sale are numbered 1 to 10 both inclusive, and each is of the denomination of one thousand dollars ($1,000) and bears interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually on the 1st day of April and the 1st day of October of each year, principal and interest payable in gold coin of the United States, at the office of the treasurer of the county of San Mateo, State of California, at Redwood City, California, and will each bear date of October 1st, 1922, and the number of years said bonds will run and when payable are as follows:

No. 1—One bond of $1,000, payable one year after date;

Nos. 2 and 3—Two bonds of $1,000 each, payable two years after date;

Nos. 4 and 5—Two bonds of $1,000 each, payable three years after date;

Nos. 6 and 7—Two bonds of $1,000 each, payable four years after date;

Nos. 8 and 9—Two bonds of $1,000 each, payable five years after date;

No. 10—One bond of $1,000, payable six years after date.

Said bonds will be sold in pursuance of the election held in said sanitary district on the 12th day of September, 1922, and in conformity with the laws of the State of California, and pursuant to and in compliance with and in the form prescribed by resolution and order of said sanitary board of said Menlo Park Sanitary District adopted September 14th, 1922, and entered in the minutes of said board, to which reference is hereby made for greater particularity. Such proposals and bids may be addressed to said sanitary board and to the president thereof at Menlo Park, California, and bids may be made for either all of the bonds now offered for sale or for a portion thereof. Bids must be for not less than the par value of the bonds bid for, and be payable in cash in gold coin of the United States. The right is reserved to sell said bonds now offered for sale as a whole or in parcels, and to reject any and all bids. Bids must be accompanied by a certified check, certificate of deposit, or cashier's check, upon or of some responsible bank, in the sum of five hundred dollars ($500) payable to the president of said sanitary board, and conditioned that the bidder will purchase and accept said bonds at the price bid and pay for the same at the office of the treasurer of the county of San Mateo within five (5) days after notice given that said bonds are ready for delivery.

The assessed value of the property situate within said sanitary district, as shown by the last assessment roll, is two million, four hundred and eighty-six thousand, eight hundred and ninety-five dollars ($2,486,895), and the present outstanding indebtedness of the districtc is two thousand dollars ($2,000). Any further particulars in reference to said bonds may be had of either Timothy Hopkins, president of said sanitary board, Menlo Park, California, or Ross & Ross, attorneys for said sanitary board, Redwood City, California.

By order of the Sanitary Board of Menlo Park Sanitary District, San Mateo County, California.

TIMOTHY HOPKINS,
President of Sanitary Board of Menlo Park Sanitary District.
PERRY EYRE,
Secretary of Sanitary Board of Menlo Park Sanitary District.

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following Bond Act will be submitted to the people of the State of California for their ratification at the next general election to be holden on the seventh day of November, A. D. 1922.

Frank C. Jordan, Secretary of State.

CHAPTER 733, STATUTES OF 1921

An act to authorize the creation of a debt or debts, liability or liabilities, throught the issuance and sale of state bonds, for the single object of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; to provide ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; to create a state land settlement finance committee, the members of which are to serve without compensation; to define the powers and duties of said state land settlement finance committee and of other state officers in relation to this act; to appropriate money for the expense of preparing and of advertising the sale of the bonds herein authorized to be issued; and to provide for the submission of this act to a vote of the people at the general election to be holden in the month of November, 1922.

(Approved June 3, 1921.)

The people of the State of California do enact as follows:

Section 1. For the purpose of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto, the object of which acts is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, the state land settlement finance committee created by this act, to wit, in section ten hereof, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise nor in excess thereof.

Sec. 2. After the issuance of the proclamation of the governor provided for in section sixteen of this act, and immediately after adoption of any resolution by the state land settlement finance committee hereby created, provided for in section eleven of this act, the state treasurer shall prepare the requisite number of suitable bonds of the denomination of one thousand dollars in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this act shall not exceed the sum of three million dollars and the bonds issued under any such resolution shall bear interest from the date of issuance of said bonds to the date of maturity thereof, at a rate to be determined by the said state land settlement finance committee and specified in such resolution, but in no case exceeding six per cent per annum. Both principal and interest shall be payable in gold coin of the United States, of the present standard of value, at the office of the state treasurer or at the office of any duly authorized agent of the state treasurer, and shall be so payable at the times specified in said resolution or resolutions.

All bonds issued under this act shall bear the signature of the governor and the facsimile countersignature of the controller and shall be endorsed by the state treasurer either by original signature or by signature stamp adopted for each particular bond issue under this act, and the said bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the great seal of the State of California. The said bonds so signed, countersigned, endorsed and sealed, when sold, shall be and constitute a valid and binding obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned and endorsed said bonds, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds. Each bond issued under this act shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof, and referring to this act and to the resolution of the state land settlement finance board hereunder by virtue of which said bond is issued.

Sec. 3. The requisite number of suitable interest coupons, appropriately numbered, shall be attached to each bond issued under this act. Said interest coupons shall bear the facsimile signature of the state treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain.

Sec. 4. All bonds issued under this act and sold shall be deemed to have been called in at their respective dates of maturity and the state treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same out of the proceeds of the controller's warrants drawn in his favor as provided in section five hereof and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the state treasurer.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the state treasury all of the moneys subject to and available for the use of the state land settlement board not in excess of the principal of and interest on the bonds, then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the state treasury as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn by the controller of the state in favor of the state treasurer or in favor of any duly authorized agent of the state treasurer, upon demands audited by the state board of control, and the moneys to be returned into the general fund in the state treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the controller of the state upon demands duly audited by the state board of control.

Sec. 6. The sum of ten thousand dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared and advertising their sale. Said amount shall be refunded to the general fund of the state treasury out of the land settlement fund in accordance with the provisions of this act on controller's warrant duly drawn for that purpose.

Sec. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the state land settlement board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accured thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

Sec. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the land settlement fund in the state treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; provided, that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; provided, further, that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and provided, further, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Sec. 9. The state land settlement board shall be and hereby is authorized with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

Sec. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board, supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

Sec. 11. Whenever the said state land settlement finance committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.
2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.
3. The annual rate of interest which the bonds to be issued shall bear.
4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.
5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates, and amounts of such estimated revenues; provided, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; provided, further, that specific numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; and provided, further, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals, from the date of issuance of said bonds; provided, that the interest coupons first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

Sec. 12. All actual and necessary expenses of the state land settlement finance committee and of the members thereof shall be paid out of the land settlement fund, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the state land settlement board.

Sec. 13. The state controller, the state treasurer, and the state land settlement finance committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the land settlement bond act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the land settlement bond act of 1921" and in the same square immediately below said words "Against the land settlement bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." Opposite the words "For the land settlement bond act of 1921" and "Against the land settlement bond act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the land settlement bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the land settlement bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 17. It shall be the duty of the secretary of state in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, 1922; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the land settlement fund in accordance with this act.

Sec. 18. This act may be known and cited as the "Land settlement bond act of 1921."

Sec. 19. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

NOTICE OF SHERIFF'S SALE

In the Superior Court of the County of San Mateo, State of California.

United Lumber and Supply Co., a corporation, Plaintiff, vs. Gertrude E. Gough, Anglo California Trust Company, a corporation, First Doe, Second Doe, Third Doe and Fourth Doe, Defendants.—No. 8769.

Lewis W. Howard, Plaintiff, vs. Gertrude E. Gough, Anglo California Trust Company, John Doe and Jane Doe, Defendants.—No. 8797.

Under and by virtue of an order of sale and decree of foreclosure issued out of the Superior Court of the County of San Mateo, State of California, on the 19th day of September, A. D. 1922, in the above entitled actions, in said Superior Court, wherein the above-named plaintiffs obtained a judgment and decree of foreclosure against the said defendants on the 31st day of May, A. D. 1922, which said judgment and decree was on the 5th day of June, A. D. 1922, recorded in judgment book 13 of said Court, at page 409, I am commanded to sell all that certain lot, piece or parcel of land, situate, lying and being in the County of San Mateo, State of California, and bounded and described as follows, to-wit:

Beginning at the most northerly corner of Lot 1 in Block 26 of Oak Knoll Manor, as said lot is shown on that certain map entitled "Oak Knoll Manor, Redwood City, San Mateo Co., Cal." and filed for record May 10, 1916, in Map Book 10 at pages 4 to 11 inclusive, Records of San Mateo County, State of California; thence from said point of beginning and along the northeasterly line of said Lot 1 in Block 26 South 18 degrees 37 minutes East 112.42 feet; thence across said Lot 1 South 46 degrees 12.5 minutes West 178.95 feet to a point on the southwesterly line of said Lot 1 in Block 26; thence along said Southwesterly line of said Lot 1 North 36 degrees 22 minutes West 102.60 feet to the most westerly corner of said Lot 1 in Block 26; thence along the Northwesterly line of said Lot 1 North 46 degrees 12.5 minutes East 213.51 feet to the point of beginning. Being the northerly one-half of Lot 1 in Block 26 of Oak Knoll Manor, as said lot is shown on the map hereinbefore mentioned.

Together with the dwelling-house thereon.

Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging.

And public notice is hereby given that on Monday, the 16th day of October, A. D. 1922, at 10 o'clock A. M. of that day, at the front entrance of the County Courthouse in the Town of Redwood City, County of San Mateo, State of California, I will, in obedience to said order of sale and decree of foreclosure, sell the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for gold coin of the United States.

Dated September 20th, 1922.

M. SHEEHAN,
Sheriff, San Mateo County.
A. KINCAID,
Attorney for Plaintiff.

KILLED BY AUTO

James Bolt Run Down oy Machine on Woodside Road

James Bolt, a teamster employed until recently by the A. Hess Company, who resided on the Woodside road, was killed by an automobile last Saturday evening while he and Mrs. Bolt were walking along the road. Mrs. Bolt was also injured, but was able to return to her home after she had received medical attention. The accident occurred at about 7:30 o'clock and was a most regrettable affair. A. J. Swanson, an employe of the contractor who is digging the Hetch Hetchy tunnel west of Redwood City, was coming to Redwood City in his enclosed machine. Just at the upper end of the cemetery he met a machine and he claims he was blinded by the glare of the approaching headlight. His machine struck Mr. Bolt and threw him to the front fender and from there to the back fender, breaking his neck and both of his legs. Mrs. Bolt was brushed by the auto also and thrown to the gronnd.

Swanson did not stop, but continued on into Redwood City. Eugene Secker, who was coming from Woodside, saw the accident and sped after the machine. He apprised Night Officer Joe Roza and Mr. Roza put Swanson under arrest. Despite the fact that both of his fenders were badly bent and his lamp broken he claimed that he did not know that he had hit anyone and that he thought the bumping was caused by his striking some very rough road when the glare forced him off the highway. He was taken to jail and after the finding of a coroner's inquest, which was held Monday at the parlors of the deputy coroner, W. H. Crowell, he was charged with manslaughter and was later released on $5,000 cash bail.

Mr. Bolt was a native of Canada aged 42 years. He came to reside here about five years ago when Mrs. Bolt was engaged as a teacher in the Laguna school near Byrnes' store on the Halfmoon Bay road. With hs family, consisting of his wife and four daughters, Mrs. Marion Cardoza, Margaret, Rose and Blanche, he came to Redwood City three years ago and they purchased a home near the Washington school. He was a hard working, industrious man and was held in the highest esteem by all who knew him.

The funeral took place from the parlors of the James Crowe Undertaking Company Wednesday and the interment was in the Cypress Lawn cemetery. Rev. E. H. Molony of St. Peter's Episcopal church conducted the services.

REGISTRATION OF MINORS

Next week in every school district in California the parents or guardians of all children bewteen the ages of 3 and 18 years will be required by law to go to the public grammar school of the district and register the children in their respective families. The law expects every parent or guardian to observe this law. There is nothing to force the parent to do this, except that all good citizens are expected to obey the law.

In registering the children a number of facts are required, which are used for both state and national purposes. The age, nativity, language of the child are given, where it attends school, how many children are in the family, the grade of the children as to age. The number of afflicted children is also learned and track of children who should be in school but who are working is also had. The annual registration is quite a burden on both parents and teachers, but it is of great value in the securing of educational statistics.

Principal A. E. Monetith has designated teachers at all of the schools ta take charge of the registering on each of the school days.

SUPERVISORS HOLD A SHORT MEETING

At a meeting of the county supervisors held last Tuesday a request was made by Supervisor Francis for funds to repair the Black bridge across Tunitas creek and was granted. Supervisor Francis reported that the bridge was in bad condition and that the cost of repairing it would be too great to be borne by the township.

A petition from 28 of the residents of the Homestead district to have additional lights installed on Middle avenue between First and Second avenue; First avenue at Oak street; First avenue at Quince street; Second avenue at Nut street; Third avenue at Pine street; Second avenue near Morse property; Middle avenue and county road, was read and granted.

A sum of $1,000 was allowed Supervisor Hickey for the dredging of Colma creek and county road, was veyor was requested to survey that creek and determine the number of yards that would have to be removed.

Supervisor MacBain reported to the board on the east side highway situation and as the time had come, he said, when a definite route should be determined for the new highway, he moved that County Surveyor Kneese be instructed to make a preliminary survey. This motion was seconded by Supervisor Brown and passed.

As there was no further business the meeting adjourned.

MUSICAL TREAT AT SAN MATEO

The Peninsula Choral Society's production of the oratorio of "Elijah" on next Sunday at 2:30 p. m. will be the biggest musical event ever attempted in this locality. It will be held out of doors in the new park San Mateo has acquired and will draw an audience from the transbay cities to Watsonville.

The location of the park is on the highway and Fifth avenue and adequate signs will give directions. All of the soloists are well known and a splendid orchestra of symphony men will assist.

DIED IN SAN FRANCISCO

Frank McCusker, who resided in Redwood City as a boy and who for a number of years was a clerk in the store of his brother-in-law, C. E. Knight, passed away at his home, 629 Ellis street, San Francisco, on Tuesday. Mr. McKusker is survived by his widow, Mrs. Margaret McKusker, a son, Robert, and a brother, Claude McKusker.

NEWSY NOTES FROM SEQUOIA UNION HIGH SCHOOL

Basketball Season On

The 120-pound team of Sequoia Union High School and the same weight team of the Lick High School, San Francisco, and the 110 teams of the same schools mixed in basketball games last night in the high school gymnasium.

The local teams have been practicing diligently and can be counted upon to give a good account of themselves. They have not fully rounded into shape, but Coach Griffin expects to develop winning teams this year.

The members of the 120s are—Forwards, W. Jones, V. Torres, J. Ryan; centers, E. Locatelli, G. Robinson; guards, R. Allain, N. Cloud, M. Johnson.

The 110s are—Forwards, N. Hedge, P. Lawlor, J. Chew; centers, Feeley and Crombie; guards, W. Wilson, G. Adriene, P. Clarkson.

The basketball team of the Sesuoia Union High School met the team of the Alpini Club of San Francisco in the old gym last Friday night in a fast and furious game. At the end of the first half the score was 14 to 10 in favor of Sequoia, but the visitors came back in the second half and ended with a score of 28 to 18 in their favor.

The Alpini Club has held the P. A. A. championship of San Francisco for the last two years. On the same evening the Sequoia 110-pound team defeated the Alpini 110s with a score of 25 to 5. The 110s of Sequoia are all new at the game but show great promise.

On October 6 the Sequoia team is to play the team of the Riverview high school of Antioch at Redwood. This team is captained by Hugh Clary, a former Sequoia star.

Sequoia Plays Polytechnic

The Polytechnic High School football team, 30 strong, will invade the Sequoia grounds this morning. This promises to be one of the best games of the season, as the Polytechnic High School team is considered to be one of the best in the city.

The Sequoia team has been rapidly rounding into shape and expects to give these lads stiff competition. Several new men have donned the moleskin and the weak spots are being bolstered out.

REV. STEVENS HOME

Rev. and Mrs. C. H. Stevens returned Thursday from their three months' trip through the United States and northern Europe. Mr. and Mrs. Stevens left Redwood City July 5 and after spending a few days with relatives in Chicago went to New York, from which place they sailed for England. After a week there they went to France and then took the famous trip by steamer up the Rhine. They attended the Passion Play at Oberammergau and went to the old historic city of Nurenberg, where they visited the birthplace of Rev. Fred H. Maar, a former pastor of the local Congregational church. After spending some further time in Germany they went to Belgium and then to England. From England they sailed to Montreal and from there proceeded to New York. They came home via the southern route and spent part of a week in New Orleans. They had a wonderfully fine time on their journey but are glad to be back under their own rooftree.

Mr. Stevens will fill the pulpit of his church tomorrow and from now on the people of the congregation may expert some splendid accounts of the journey.

WILL RESIDE IN WOODSIDE

B. P. Oliver and family have purchased the home of Mrs. E. A. Drexler at Woodside and have moved from their place at Los Altos. The Drexler home is one of the most beautiful in Woodside and combines both comfort and beauty in all of its lines. The Olivers are not strangers to this section, as Mrs. Oliver before her marriage was Miss Kate Connor, daughter of Gen. P. Edward Connor, one of the pioneer citizens of Redwood City, whose home occupied the site of the Redwood City central school.

MASONIC GRAND LODGE SESSION BEGINS OCTOBER 10

The California Masonic grand lodge will hold its 71st annual session in the Masonic Temple, San Francisco, beginning Tuesday, October 10. The sessions will continue five days, concluding with election and installation of new grand officers. More than 1,200 delegates will be in attendance, representing 444 subordinate lodges and a total membership of more than 93,000.

William A. Sherman, the deputy grand master, of San Francisco, is expected to be elevated to the office of grand master, the highest in the gift of the fraternity, and Senior Grand Warden Arhur Crites of Bakersfield is an aspirant for deputy grand master to fill the vacancy that will be caused by the advancement of Deputy Grand Master Sherman. The present grand master is Dr. S. E. Burke of Los Angeles. One of the present officers of the California grand lodge is Andrew S. Lamond of Burlingame, who is junior grand deacon.

BAPTIST CHURCH

Another band of Christian workers from San Jose will assist in the evening with song and witnessing to the gospel power to change a life. These young people will hold a street meeting at 7 o'clock, at Main and Broadway. At 7:30 sharp they will be at the church, corner Heller and Elm streets, for a rousing time.

Come and see representatives of the much talked of San Jose church in action next Sunday evening. Bible study and public worship begin at 10 a. m. Place, Baptist church. Time, 10 and 7:30.

The final test

The real value of a motor lubricant can be determined in only one way—through its use in the engine for which it is intended.

Hence this company maintains an engine-testing laboratory, equipped with a Sprague dynamometer, in which Zerolene and other lubricants are constantly being tested under actual operating conditions.

This dynamometer laboratory is in charge of competent trained men, who spend all their time in conducting comparative tests of Zerolene and other lubricants in automobile, airplane, marine, truck and tractor engines.

Correct Lubrication Recommendations

On the results of these tests, supplemented by equally careful tests in the field and on the road, our Board of Lubrication Engineers bases its Chart of Recommendations.

Close attention is given to the design and construction of the engine. It is necessary to know, *first*, the speed of the bearing surfaces; *second*, clearance between bearing surfaces; *third*, temperatures at which bearings operate; *fourth*, pressures exerted in each bearing; *fifth*, the means provided for the distribution of the oil to each bearing.

The recommendations embodied in the Zerolene Chart are calculated with the greatest precision, and if Zerolene is used in accordance with them, correct lubrication and maximum fuel mileage are assured.

Where Extra Service is Demanded
Firestone Cords Predominate

WHEREVER the exactions and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy — choose your next tire on that basis.

MOST MILES *per* DOLLAR

MENLO PARK NEWS

The Noel estate opposite the Southern Pacific station, formerly owned by the late Edgar Mills, has been leased by a prominent Stanford student fraternity. The tenants have already taken possession of the elegant home. During the college season many entertainments and numerous dances will be given by the fraternity. The big ballroom and spacious halls will ring with the gay laughter of the pretty coeds and the gallant senior and manly junior. During the war the place was used as an officers' clubhouse. The members of peninsula society were entertatined there by the officers. The Saturday night dances were gay affairs.

The masquerade ball to be given unude rthe auspices of the Native Daughters on October 7 is to be gay affair. Costumes of every description will be seen on the floor. To miss this ball will be to miss the big event of the year.

The Menlo Park Garage has been leased to the Menlo Park Toy Company. The interior of the building is to be fitted up as a factory where toys and dolls of every kind are to be manufactured. About 20 young women will be employed there.

Two applications for spur track privileges below San Francisquito cottage have been made to the railroad company. The nature of the business to be established there is not known.

Mr. and Mrs. James Flood will entertain at luncheon Sunday in honor of Mrs. Frederick W. Sharon of New York, who is soon to leave for her home after a summer visit in California.

Miss Elizabeth Vail and her uncle, Rev. Mr. Fiske of Boston, are guests at the Flood home on their way to Santa Barbara.

Mrs. A. G. C. Hahn of Menlo Park entertained a group of friends Saturday evening at an outdoor dinner.

John H. Sullivan, president of the Menlo Park Chamber of Commerce, has bought Mrs. B. O'Grady's dwelling opposite the Southern Pacific depot and will move his family there from Pine street next week. It is said the sum of $5,000 was paid for the property. Mr. and Mrs. Allen, who have occupied the house for some time, may move to the city, as they find it almost impossible to find a home here.

The family of Henry Heightman moved to Oakland yesterday after a residence here of several years. Mr. Heightman is to remain here for some time before joining his family.

Mr. and Mrs. J. E. Neuman are again occupying their home in the Menlo Oaks after spending the summer at Carmel, Monterey. Charles Lapham, a partner of Charles McCormick of Atherton, who had rented the home for the summer months, has moved back to San Francisco.

The old Selby home at Atherton, one of the landmarks of the county, was leased this week to the Blaines riding academy of Mayfield for a period of five years. Modern stables, up to date grounds, etc., are to be established and the very best equipment installed to make the school one of the swellest riding academies in the country. It is to be patronized by the swelldom of the peninsula.

The Fair Oaks golf links in the Selby tract, consisting of 20 acres, are to be subdivided into small tracts and sold by Mark H. McCann, the realty broker. In days gone by H. W. Hopkins, James L. Flood, Herbert Fleishhacker, C. N. Felton, E. L. Eyre, P. P. Eyre and other notables enjoyed a game on the popular links. Pretty bungalows will soon grace the choice tract.

The old Barney home, once the scene of many a gay party at which the proverbial cold bottle and delicious bird were enjoyed by the elite of society of San Francisco, is no more. It was razed this week to give way to more modern buildings. The land surrounding the home, consisting of 20 acres, is to be subdivided into small tracts and sold. Away back in the 70s the property was owned by the late Alvinzo Hayward. He entertatined lavishly there, bringing his friends from far and near to enjoy his hospitality. These were the days of his prosperity when his Rawhide mine in Calaveras was pouring millions into his coffers. He spent it freely. Afterward Mr. Hayward sold the property to the late W. B. Macdonough, whose wife was the sister of William O'Brien of the bonanza firm of Flood, O'Brien, Mackay and Fair. She with her sister, Mrs. Coleman, inherited the greater portion of his vast millions. Mrs. Macdonough was a society leader and entertatined with a lavish hand. Mrs. Coleman, mother of the late Mrs. James V. Coleman, spent much time with her sister, both entertaining at houes parties and giving church festivals for the benefit of the Church of the Nativiy. Both women were devout Catholcs. The propery was acquired in the 80s by the late B. A. Barney, a wealthy Arizona mining man. The estate originally comprised many hundred acres, but it has been gradually sold until only 20 acres remain of the once princely domain.

Woodside Chirps

Mr. and Mrs. Harry Nicodemus have just returned from a four-day motor trip into the Big Basin. Mr. Nicodemus, who is the popular host of the Woodside Inn, has recently acquired a new Essex car and wanted to try it out on some mountain roads. He reports thorough satisfaction.

Edward Swan of Woodside received a visit this week from his two nephews, Fred and Joe Pratt of Boston. These two optimistic youths sallied forth from that seat of culture in a Ford and crossed the continent without mishap.

Dr. Stephenson, surgeon of San Francisco, is occupying the Henry Holmes place to complete the time of the lease taken by Dr. Neel, who was obliged to return to the city earlier than he had intended.

Dr. Crane, who has been occupying the Keenan place for the summer, has decided to remain until November 1.

In the absence of Mrs. Gish from her usual place in church on Sunday Mrs. A. H. Audiffred led the singing and sang Gounod's Ave Maria for the olertory.

Mr. and Mrs. Harold Allen gave a party in honor of the fifth anniversary of their wedding. Those present were Mr. and Mrs. J. L. Ross, Jr., Miss Phyllis Kroeck, Mr. and Mrs. Edward Swan, Mr. and Mrs. Percy Jarvis, Mr. and Mrs. Allen of San Bruno and Messrs. Fred and Joe Pratt of Boston.

The boys of the Woodside school have developed a great enthusiasm for the game of handball and are planning an entertainment to raise funds for the construction of a concrete handball court.

George D. Squires, who was the manager for the Richardson primary campaign, is spending some time at his home at Woodside, resting up from his labors of last month and maturing plans for the general election campaign.

Prune picking is about over in this vicinity. The crop is not as heavy as last year, but the quality is good both as to the size of the fruit and the sugar content.

MARRIED IN FRESNO

A wedding that came as a distinct surprise to his many friends here was that of Duncan Fitzgerald to Miss Barbara Rader of Fresno, which took place recently in that city. Duncan returned with his bride last Monday from Fresno, where he has been employed for the last year. The young couple are at present visiting the groom's mother, Mrs. Alice Mansfield.

Pescadero Pebbles

An elaborate celebration to mark the second anniversary of the Pescadero community center will take place in the center hall Saturday evening, September 30.

Mrs. Frank Williamson, chairman of the entertatinment committee, has engaged a splendid array of musical and vocal talent for the evening to ougment the amusement of a 5-reel picture, "Welcome Children," provided by J. C. Williamson.

An important event of the occasion will be an address by Carl J. Coburn, chairman of the executive committee of the center, who will review the great progress of the organization during the two brief years since its inception.

To round out the evening's pleasure there is to be several hours of dancing and a community supper prepared by the commissary committee composed of C. J. Coburn, J. C. Williamson, Asa T. Weeks, S. Rogers, A. Enos, James McCormick, A. Davis and E. Williman.

The work of this so-called commissary committee is still in the experimental stage. However, it is expected that every one will polish off the supper after the proper fashion.

The talent engaged by Mrs. Frank Williamson for the evening's chief enjoyment is largely local: Mrs. Silva, Miss M. Schroeder, E. Weeks and the Camp Fire Girls being among those who will take part.

Superintendent Roy W. Cloud, on a visit to the Pescadero Union High School, made a very inspiring address to the members of the faculty and student body. Mr. Cloud placed emphasis on the many advantages that pertain to the home town high school. He gave assurances that the outlook for the Pescadero Union High School should be of a promising character. For the rest, a paragraph from a review of Superintendent Cloud's remarks by Loren McCormick is right to the point:

"Mr. Cloud appreciated the childrens' work. He told them in a short speech he made how to hold up the standard of the school."

A genuine civic pride is manifesting itself throughout the community, and as a consesuence a good number of the new buildings in the business section of town are sporting new coats of paint. Here and there the consistent white of the past is giving way to a dash of color in the process.

If you have a strong constitution it probably means that most of your life you have observed strick bylaws.

Heralding the completion of the
Pit Power Plant No. 1

A recognition of one of the greatest achievements in the annals of HYDRO-ELECTRIC DEVELOPMENT

On Saturday, September 30, 1922

an event will take place, not only of great significance to the scientific and engineering world, but to the people of Central and Northern California as well.

Heralded for months by electrical and other scientific journals as an epoch-making event, the completion of this project is declared by scientists to be one of the greatest achievements of modern times.

On this date the constantly flowing waters of the Fall River will be diverted through a tunnel and dropped 454 feet through massive steel penstocks to the PIT RIVER POWER PLANT No. 1. From this tremendous force of falling water will be generated an additional 93,000 horsepower available for use in the home, on the farm and in the factories of this section.

When the "load dispatcher" throws the switch, the energy thus generated will be transported over great cables created to carry *the hitherto unattempted pressure of* 220,000 *volts for the great distance of* 208 *miles!*

History in the Making

THE DAY will be one of great importance to California, comparable to some of the greatest National achievements.

When the golden spike was driven at Promontory, Utah, in 1869, a transcontinental railroad had been completed by *two* companies, financially supported by the United States Government, at a cost of approximately 181 million dollars.

When the two 46,500 horsepower electric generators of the Pit River Power Plant No. 1 begin to function, they will signal the completion of the first big unit of power development along the Pit River in which 100 *million dollars will ultimately be invested by the Pacific Gas and Electric Company alone!*

Important as the completion of the transcontinental railroad was to the West, there are those who claim that the hydro-electric development along the Pit River will be equally as important to the prosperity and happiness of the people living in the Central and Northern Section of California.

The Result of Co-operative Effort

DR. STEINMETZ, the world famous scientist and engineer, in referring to this accomplishment said: "In forty years we have seen the distance to which electric current may be commercially transmitted increased from one mile to over two hundred miles, while voltages have risen a thousandfold: from 200 volts to 200,000."

This California achievement is the result of the accumulated knowledge, ability, experience and the spirit of helpfulness of the electric geniuses of all time.

This Pit River unit, as well as the other 28 hydro-electric and 4 steam-electric power plants of the company, are not the result of one man's efforts, but of the *united efforts* of all who have invested money, brains and faith in the Pacific Gas and Electric Company.

Therefore, California is a world leader in hydro-electric development today, not only because of her topographical advantages, but because her people have encouraged men with vision and capital who have taken the risks of the pioneer.

Today—All Should Be Grateful

EVERYONE living in California should be grateful to those whose deep study and tireless experiments have made possible the success of this project. All honor is due the men who have contributed their best thoughts to accomplish this heretofore unattempted result.

Worthy of the utmost appreciation is a State that is blessed with an abundance of electrical energy, which turns the wheels of industry, lights and heats homes and performs scores of menial tasks for the people.

The Pacific Gas and Electric Company in its ambition to anticipate and keep pace with the growth of this section, has developed power in excess of present requirements.

PACIFIC GAS AND ELECTRIC COMPANY

P·G·and E·
"PACIFIC SERVICE"

P-OS 1 9-12 IN.

A mighty object lesson in the benefits derived from this development

The completion of the Pit River Power Plant No. 1 offers a most illuminating example of financial benefits which immediately accrue to a community during the construction of such projects. In noting the following interesting data the reader is asked to remember that the figures quoted pertain entirely to the building of the Pit River Power Plant No. 1, and the transmission system—which is but the first big unit of the Pit River Project now being developed by the P G and E.

Only a few of the outstanding items have been taken from the books to illustrate how this Company has put a vast amount of money into circulation in California in the development of just ONE of its many projects. California-produced materials and supplies have been used whenever possible.

The Magnitude of the Undertaking

The magnitude of the undertaking is illustrated by a partial list of materials used as follows:

—Steel (power house, penstocks, transmission towers and substation)	12,298 tons
—Cement	22,150 barrels
—Lumber (besides 75,000 railroad ties and 1,169 sixty-foot poles)	1,052,088 board feet
—Concrete	58,461 cubic yards
—Aluminum Cable (166.8 wire miles)	517 tons
—Copper Cable (1,041 wire miles) There are 48 strands of this cable, which if all strung out into one long wire would be 50,000 miles in length.	4,333 tons
—Insulators (11,243 strings, composed of 157,287 units)	3,172,000 pounds
—Steel Towers (weighing 6,882 tons to carry cable 208 miles)	1,668
—Tunnel	10,111 feet
—Excavations	401,796 cubic yards
—Construction Railroad	31 miles
—Blasting Powder (besides 138,800 feet of fuse and 33,000 caps)	105,330 pounds
—Electrical Energy (generated in auxiliary plants for use in construction work)	4,000,000 kilowatt hours
—Man Days required to complete job, approximately	668,506

How Money Was Circulated

The reader will grasp the significance of development work when facts relating to the expenditure of money are given:

—An average of 857 men per day were employed for 26 months. These figures represent the number of men on actual construction work and do not include the men employed in fabricating the steel for 1,668 towers, which was done in California, or the employment given directly to thousands of other California people.

—Approximately 991,731 meals were served in the 20 camps and boarding houses. The P G and E purchased for these meals the following products and thereby paid California producers and dealers approximately $255,725.00:

—Meat, 206 tons
—Eggs, 38,900 dozen
—Hams and Bacon, 84½ tons
—Flour, 121 tons
—Potatoes, 159 tons
—Onions, 15 tons
—Beans, 12 tons
—Rice, 4 tons
—Pastes, 4 tons
—Sugar, 67½ tons
—Canned Fruit, 23,400 gallons
—Canned Vegetables, 19,500 gallons
—Butter, 20 tons
—Milk, 84,200 cans
—Lard, 8¾ tons
—Dried Fruit, 12½ tons

The money spent for materials (much of which were made locally) the sums distributed in payrolls, both directly and indirectly, the cost of tools, construction equipment, auto trucks, gasoline, horse feed, etc., etc., combine to make a total that would stagger the layman if space permitted enumeration of all the items.

The total cost of the Pit River Project will be approximately $100,000,000.00.

This money is being put into circulation by the Pacific Gas and Electric Company because its officers have confidence that North-Central California will grow and prosper.

A catfish woman leads her husband a dog's life.

By getting into debt you get out of luck.

It isn't much praise to call him "one man in a million." So is everybody else.

Every village contains somebody who "can write as good poetry as Riley's"

You can't have a sweet disposition unless you have a sweet stomach.

Even a wife-made man or a papa-made man is a pleasanter companion than a self-made man who knows it.

How many apples did Adam and Eve eat?

Some say Eve eight and Adam two—a total of ten only.

Now we figure the thing out far also—total 16.

We think the above figures are entirely wrong.

If Eve and Adam 82, certainly the total will be 90.

Scientific men, however, on the strength of the theory that the antediluvians were giants, reason something like this: Eve 81 and Adam 82—total 163.

Wrong again. What could be clearer than if Eve 81 and Adam 812 the total was 893?

I believe the following to be the true solution: Eve 814, Adam and and Adam 8,124 Eve—8,938.

Still another calculation is as follows: If Eve 8,124 Adam, Adam 81,242 to oblige Eve, 82,056.
